CENTRAL SERENGETI • INTO THE ENDLESS PLAINS

Flying into the Serengeti turns the transfer itself into part of the safari.

After breakfast, transfer to Arusha Airport for your scheduled flight to the Serengeti. On landing, meet your safari guide and begin game viewing en route to camp.

Continue with an afternoon game drive through the central Serengeti until sunset, with opportunities for elephants, giraffes, big cats and abundant birdlife. Dinner follows beneath the African sky.

DAY 3

Serengeti National Park • Full-Day Safari

SERENGETI • A FULL DAY IN THE WILD

An unhurried full day allows your guide to follow wildlife and changing conditions rather than a fixed route.

Depart around 6:00 a.m. for an early game drive with breakfast in the wilderness. Continue across open plains and kopjes in search of wildebeest, zebra, lions, cheetahs, leopards and hyenas.

Lunch can be enjoyed at a picnic site or back at camp, followed by afternoon game viewing through sunset.

DAY 4

Serengeti → Ndutu • Ngorongoro Conservation Area

NDUTU • FOLLOWING THE GREAT MIGRATION

The journey shifts south toward Ndutu, placing you close to the seasonal movement of the herds.

Begin with a sunrise game drive and breakfast in the bush before driving toward Ndutu with wildlife viewing en route. The Ndutu ecosystem is renowned for wildebeest and zebra as well as cheetah, lion and prolific birdlife.

After lunch at camp, return to the plains for an afternoon game drive until evening.

OVERNIGHT / STAY

Laba Migration Camp

ACCOMMODATION SPOTLIGHT

Laba Migration Camp • Ndutu

This mobile luxury camp follows the Great Migration and positions guests close to the action in Ndutu during calving season. Spacious tented suites feature a king bed, sitting area and open en-suite bathroom; the central camp includes lounge, bar, library and dining areas.

The interior images in this layout illustrate the tented-suite experience; final client production should use the camp's current high-resolution media kit for exact room/bathroom views.

Ndutu • Great Migration Calving Season

CALVING SEASON • NEW LIFE ON THE PLAINS

Calving season reveals the Great Migration at its most intimate: newborns, protective herds and intense predator activity.

After a 5:00 a.m. wake-up, set out for sunrise game viewing and breakfast in the wilderness. The day is devoted to Ndutu, where the short-grass plains become a nursery for wildebeest and a focal point for predators.

Choose a picnic lunch or return to camp for a short rest, then continue game viewing until approximately 6:30 p.m.

OVERNIGHT / STAY

Laba Migration Camp

DAY 6

Ndutu → Ngorongoro • Game Drive En Route

NGORONGORO • FROM PLAINS TO HIGHLANDS

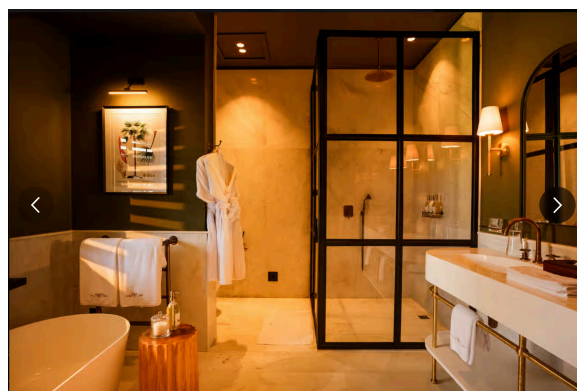

A change of landscape carries you from the open plains toward the cool Ngorongoro highlands.

Begin with tea or coffee and a sunrise game drive with packed breakfast. After a late-morning return to camp for lunch, check out and drive toward Ngorongoro.

Arrive by late afternoon at your lodge, with time to settle in and enjoy the highland atmosphere before dinner.

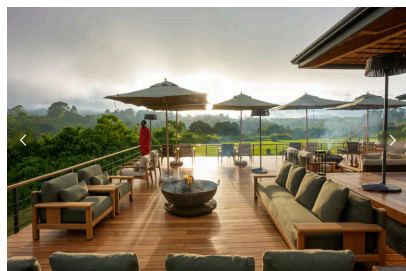

OVERNIGHT / STAY

Laba Ngorongoro

The premium Ngorongoro stay is positioned for easy access to the crater and a relaxed evening in the highlands. The itinerary specifies Laba Ngorongoro; final room, bathroom and public-area images should be replaced with the lodge's current official photography once supplied.

The scenic images here emphasize the crater setting rather than representing a different property.

DAY 7

Ngorongoro Crater • Into the Heart of the Caldera

NGORONGORO • A WORLD WITHIN A WORLD

Few safari experiences compare with descending into the crater and watching wildlife unfold beneath the immense caldera walls.

After an early breakfast, depart around 6:30 a.m. with packed lunch and descend to the crater floor. Search for lions, elephants, buffalo, zebra, wildebeest, hippos and, with luck, black rhino.

Pause for lunch before continuing toward Lake Magadi and its waterbirds. Ascend the crater walls in the evening and return to the lodge for dinner.

TARANGIRE • ELEPHANTS BENEATH ANCIENT BAOBABS

Tarangire provides a striking finale to the Tanzania safari, with ancient baobabs and exceptional elephant viewing.

After breakfast, set out with a packed lunch for a full day in Tarangire National Park. Watch for elephant herds, giraffes, buffalo and prolific birdlife around the Tarangire River.

As evening approaches, continue to Tarangire Treetops for sunset, dinner and an elevated night among baobab and marula trees.

EAST AFRICA • FROM SAVANNAH TO A THOUSAND HILLS

Tanzania closes with a relaxed return to Arusha before the journey continues to Rwanda.

After breakfast, drive back to Arusha for lunch at Arusha Coffee Lodge. Enjoy time to explore the property and Shanga artisan workshops before transferring to Kilimanjaro International Airport.

Depart for Kigali via Nairobi. Lounge access is arranged during the connection at Jomo Kenyatta International Airport. On arrival in Kigali, your Rwanda team will transfer you to the Kigali Marriott for overnight.

A comfortable premium base in Kigali before the journey north. The hotel offers contemporary guest rooms, full-service bathrooms, restaurants, lounges, pool and spa facilities.

The itinerary names Kigali Marriott; current official room, bathroom and public-area photography should be used in the final sales-production version.

DAY 10

Kigali • Memory, Conservation & the Road to Volcanoes

RWANDA • REMEMBRANCE, RESILIENCE & CONSERVATION

A thoughtful introduction to Rwanda combines remembrance, renewal and conservation before continuing into the volcanic highlands.

Meet your driver-guides at 10:00 a.m. and visit the Kigali Genocide Memorial. The experience is intentionally contemplative and educational, providing essential context for Rwanda's history, reconciliation and rebuilding.

Afterward, enjoy lunch in Kigali before the scenic drive north to Musanze. Visit the Ellen DeGeneres Campus of the Dian Fossey Gorilla Fund, a purpose-built conservation, research and education campus near Volcanoes National Park.

In the evening, a special Gorilla Doctors presentation introduces the veterinary teams whose work supports the health of the region's mountain gorillas.

OVERNIGHT / STAY**Musanze • Volcanoes National Park****DAY 11**

Volcanoes National Park • Mountain Gorilla Trek

**MOUNTAIN GORILLAS • AN EXTRAORDINARY ENCOUNTER**

PREMIUM WILDLIFE — UP CLOSE

Few wildlife encounters are as personal or memorable as meeting a mountain gorilla family in its forest home.

After an early breakfast, transfer to park headquarters for briefing and group assignment. Rangers then lead you into the forest in search of a habituated gorilla family. Trekking time varies with the gorillas' movements and terrain.

Once the gorillas are located, enjoy the permitted observation period before hiking back. Return to the lodge to freshen up, have lunch and relax; an optional community walk may be available later in the day.

OVERNIGHT / STAY

DAY 12

Golden Monkey Trek • Return to Kigali

GOLDEN MONKEYS • A LIVELY FOREST FINALE

The final morning offers another distinctive primate encounter before a farewell evening in Kigali.

Choose the included golden monkey trek, following these lively primates through the bamboo forest, or substitute a second mountain gorilla trek at additional cost, subject to permit availability and current pricing.

After the trek, return to the lodge for lunch and check out for the scenic drive to Kigali. If time permits, stop for local shopping before a farewell dinner at Repub Lounge, followed by transfer to Kigali International Airport.

A NOTE FOR OUR TRAVELERS

Wildlife, Timing & Final Confirmations

Wildlife sightings and animal movements are never guaranteed. Guides will adjust routes and timing to make the most of current conditions. Early departures are intentional, particularly during calving season and for primate trekking.

Exact flight schedules, permits, camp availability and the final Volcanoes National Park accommodation should be confirmed before booking. The optional second gorilla trek is subject to permit availability and the current Rwanda Development Board permit rate.
